

The Smarter Service That Can Save You Money

Cogent Solutions & Supplies is a trusted provider of cleaning, sanitary, incontinence and laundry supplies for the healthcare and long-term care market. Let us help you find effective solutions that result in tangible material savings and better overall operations.

Making the Most of Your Purchasing

Many healthcare organizations are eligible for significant savings on supplies through group purchasing organizations (GPOs), but are not always fully leveraging the extensive money-saving benefits of these programs. We have the expertise to help you make the most of this opportunity by:

- Guiding you through the GPO purchase process
- Showing you how to source higher-quality products at similar prices through your GPO

Optimizing Your Laundry and Cleaning Chemical Program

Saving more on laundry, kitchen, and housekeeping chemicals requires more than just comparison shopping on price. Our experienced representatives will provide competitive pricing as well as guidance and consultation that helps you optimize your laundry, kitchen, and housekeeping chemical operations by:

- Providing a detailed analysis of your current program
- Suggesting strategies that significantly reduce your chemical and water use
- Saving you money through unique chemical purchasing options

Enhancing Your Incontinence Program

We partner with Tena, the world leader in incontinence care and a leading provider of skincare products. We help positively impact your quality of patient care and your margin. Utilizing best clinical and business practices, we will entirely customize your program to your specific situation and support it with the largest clinical consulting staff in the industry dedicated to continence management. We will help you:

- Enhance the quality of life and well-being of incontinent patients
- Improve the working environment and productivity of caregivers
- Deliver the best and most compassionate care for every individual

Making Your Job Easier

We are committed to providing the best experience for you. Our superior service will ultimately save you time, space, and money by providing:

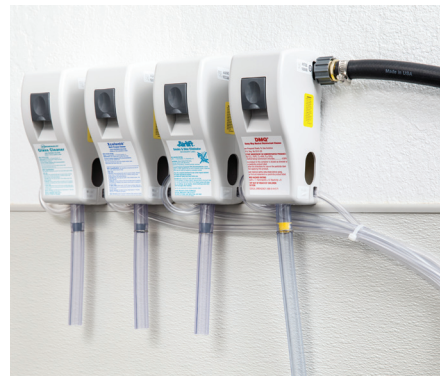

- Friendly, expert, personal service from your dedicated account representative
- Inventory management and offsite warehousing options that save valuable facility space
- Routine equipment service checks that help prevent equipment failure and costly downtime
- Reliable on-time deliveries
- Certainty that you will have what you need, when you need it

The Single-Source Supplier You Can Rely On

In addition to handling your laundry, kitchen, and housekeeping chemicals, our full line of janitorial, sanitation, and incontinence supplies allows us to serve as your single-source supplier for all your facility-related healthcare needs. Our broad product selection includes:

- Concentrated commercial laundry products
- HE laundry detergents
- Incontinence and skin care products
- Disinfectants and sanitizers
- Disposable gloves
- Paper products
- Floor care products
- Restroom cleaners
- Concentrated housekeeping chemicals
- Commercial dishwashing detergent, supplies, and machines
- Disposable foodservice products
- Disposable healthcare and kitchen apparel
- Office supplies
- Extensive sustainable and eco-friendly options

Contact us today to learn how we can help you optimize your chemicals program, make the most of GPO purchasing and lower your total costs as your single-source provider of facility supplies for your healthcare business!

About Cogent Solutions & Supplies

At Cogent, we deliver more than supplies. We help you clearly see opportunities to optimize your operations, enhance your customer experience, and ultimately support your profitability. Whether you need guidance on equipment, advanced inventory management, forecasting support or design solutions, we are ready to help you with clarity and expertise.
